LOCAL REMODELER CERTIFIES HER EXPERTISE
NARI of Madison, Inc. announce a new certified member.

Madison, WI, December 2022 – NARI of Madison, Inc. is proud to announce the name of its most recent member to become certified by the National Association of the Remodeling Industry (NARI). **Autumn Cartee, UDCP (Architectural Building Arts, Inc.)**

This designation proves a remodeling contractor's knowledge, technical comprehension and skill in their corresponding area of expertise.

NARI's certification programs are designed to set high standards for the remodeling industry, with the goal of increasing the level of professionalism and driving customer satisfaction and profitability for the company. For homeowners, these standards also ensure that the remodeling professional you invite into your home will be capable of addressing your home improvement needs, having participated in an extensive education program, testing and review.

Universal Design Certified Professional (UDCP) professionals handle renovations that are appealing not only for "aging in place," but for anybody who wishes to move about his or her home freely, without barrier and without giving their home that institutional look. Families who have members with special needs also benefit from a UDCP.

Requirements: Attaining this certification requires five years of continuous full-time experience in the remodeling industry and at least eight hours of continuing education in universal design remodeling/building related education. Successful candidates must complete the application detailing background and experience, and pass a comprehensive assessment exam on pre-construction issues, technical knowledge and special skills such as people and job management.

Certified individuals must complete continuing education requirements on an annual basis to retain their certifications by attending industry-related seminars, workshops and classes each year to keep their knowledge current. Certified professionals must also adhere to NARI's Standards of Practice and Code of Ethics.

About NARI: *The National Association of the Remodeling Industry (NARI) is the only trade association dedicated solely to the remodeling industry. The association, which represents more than 3800 member companies nationwide- is "The Voice of the Remodeling Industry."*™ To locate a remodeling professional, visit NARI Madison's website at www.NARIMadison.org.
